

A Letter to Parents/Guardians about Family Life Education

Dear Parent/Guardian:

Pulaski County Public Schools (PCPS) provides a comprehensive, sequential Family Life Education (FLE) program for kindergarten through grade twelve. The FLE program is designed to provide students with the knowledge, attitudes, and skills to make healthy, responsible, respectful, and life-enhancing decisions related to human growth and development, relationships, substance abuse, and mental health. Instruction is seen as a partnership among parents and guardians, the school, and the community in supporting the learning essential to the development of strong families, positive relationships, and a healthy community.

Parents/guardians may choose to opt their child out of all or part of the Family Life Education program. **If you wish to opt your child out of all or part of FLE for this school year, please fill out the attached opt out form and return it to your child's school by the date specified by the school.** Students who are opted out are provided with age-appropriate, non-punitive alternative instruction, and every effort is made to foster respect for family choices.

Your child will be included in all Family Life Education instruction unless you request that he/she be opted out using the opt-out form. ***You do not need to return the form to the school if you wish for your child to participate in FLE instruction.*** If you return the opt-out form and later decide you want your child included in FLE instruction, please notify the principal in writing.

The entire curriculum and all instructional materials are available for review at your child's school.

Pulaski County Public Schools is constantly striving to provide sensitive, quality, age-appropriate instruction in the very important topics included in Family Life Education. We welcome your questions and comments about the program. For more information regarding FLE or to share your comments or questions, please call your school counselor or contact your child's teacher.

Sincerely,

Gregory A. Brown, Ed. D.
Assistant Superintendent, Pulaski County Public Schools
